**Part III REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), a method of suggesting printer upgrades based upon actual usage, assigning a numerical value to the degree of utilization of at least one functional characteristic of the printer; maintaining the numerical value in a memory of the printer; accessing information on a selection of upgrades available for the printer; comparing the information to the numerical value to select a preferred upgrade using inputs of the individual numerical values into a logic protocol to arrive at an output value; and suggesting the preferred upgrade to a user of said printer for installation on the printer based upon the output value as claimed in claim 1. Similar features are claimed in claims 10 and 17. Therefore, claims 10 and 17 are allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
